AluRack

The Universal
Roof Rack

SAFE  FLEET
Driving Safety Forward™

The one cargo roof rack Solution for most any Vehicle

AluRack

Improve Productivity

Safely and easily load and unload cargo with assistance from the standard rear roller.

Professional

Anodized aluminum won't rust, enhancing your vehicle's professional image for years to come.

No-Drill

Maintain vehicle warranty and resale value with no holes to drill.

Rugged & Lightweight

Weighing in at about 30% less than a similar steel rack, AluRack allows you to carry more cargo without exceeding OEM roof capacity.

Aerodynamic

Sleek, modern design reduces fuel consumption and noise, vibration and harshness.

Endless Options

Provides the most versatile way to transport your cargo.

The anodized aluminum construction is lightweight, yet rugged enough to safely carry all of your cargo while withstanding challenging weather conditions. AluRack's aerodynamic design also reduces fuel consumption and ensures almost silent travel, all while enhancing your vehicle's professional image with its sleek, modern form.

Rugged & Durable

With rack weights ranging from 33 - 96 lbs., AluRack® weighs 30% less than a similarly configured steel rack, allowing you to carry more cargo without jeopardizing OEM roof capacity.

Crossbar Design

Like the wing of an airplane, the crossbars improve aerodynamics.

Rear Cargo Roller

Makes loading and unloading cargo easy and safe. Your feet never leave the ground.

Mountings

AluRack® mountings maintain the vehicle's warranty and resale value by using gutters and factory mounting points.

Many Accessory Options Available

- Conduit Carrier
- Quick Clamp Ladder Clamp Down
- Rear Door Access Ladder
- Ratchet Tie-Downs

Maximize your cargo capacity whatever you carry
